4606. POSSIBLE BUS SHELTER ON TAYLORS LANE

Whilst the majority of replies are positive, there are concerns with the location as it is almost opposite an industrial estate, which has recently applied to increase the number of units and so increase traffic exiting the site. Other queries were raised including using a different style of shelter, but the Parish Council needs to re-locate the one removed from the Elletsons Arms. Alternative locations were suggested including Lancaster Road and North West industrial Estate, but these are on private land.

Resolved: To present to Lancashire County Council for their considerations in the New Year.

4607. MEMORIAL TO MARK THE END OF WWI

Councillors wished to mark the end of WWI with a lasting tribute and suggestion so f flower tubs and seats were made, also a small version of the soldier on the Village Hall field and prices will be sought.

Resolved: To return next month with possible designs and costs.

4608. EAGLAND HILL ANPR

The Grantscape submission included electrical work, the firm who quoted is unable to fulfil the work and another contractor has been secured, but the work involved is more extensive than originally quoted for. The Wi-Fi signal needs more support and a data cable to improve connections, this results in an increase of £500. As Grantscape funding has been granted; it cannot be increased.
