Create Homes site residents asked for information on what is happening on site and to put paid to the local rumours. Questions about the fate of land, which has recently been landscaped, at the entrance to the site. The Parish Council is not in discussions with either Wyre Council or Create Homes. The Parish Council had received suggestions of affordable housing/selling the land but requested bungalows if possible. Planning permission was granted for affordable housing, but it appears, with what's on site that Create Homes are going to leave this area.

Wyre Councillor Adam Leigh

The issue at Eagland Hill with the suspected sewage on the road is still ongoing, liaising with environmental health and a resident and from the tests done so far, the council are insistent it is not sewage, though this is in dispute.

He has asked the resident to report to Lancashire County Council again, as it may be that the gully needs unblocking. If the problem persists, the resident will inform the Councillor to ensure another site visit is carried out by Wyre Council.

Lancashire County Councillor
